**Warmest Welcome to you all, and especially  
our visitors**

Nau mai, haere mai! We are so glad you came. Join us as we gather to worship our Lord and Saviour, the Creator of the universe and all that is... God is good – all the time. And He restores His people. Our prayer is that you be refreshed and restored today.

### What's On This week?

**Monday Evening Bible Study: 6:30pm here at the church.**

Everyone is welcome to join us as we continue to study the word of God. We are in the midst of the book of Revelation – plenty to get your head around and discuss.

**Monday Morning Ladies Prayer Meeting: 10am** here at the church.

**Prayer Requests:** If you have something you would like prayer for this week please go to our website and fill in the prayer request form (under Prayer Events), or find one of our prayer ladies after the service and talk with Ann, Ailsa, Dawn or Viv.

### Prayer for Israel:

Join a bunch of like-minded “pray-ers” on the first Friday of each month - 10:30am at the Baptist Church in their Rata Room. Talk to Ann if you have any questions.

**A Word:** “So let’s do it – full of belief, confident that we’re presentable inside and out. Let’s keep a firm grip on the promises that keep us going...” Hebrews 10:22,23

### And a Thought:

Ever seen the Will Smith movie “I, Robot”? It’s a futuristic movie where Will’s character finds himself in an impossible situation with a mega-robot mind taking over all the robots and turning them for it’s own, evil purposes. Classic theme. Will has to save the world by taking a massive leap into a chasm and grabbing on to a huge tube of optic cables that will plunge him stories down to inject nanobots into the evil mega-brain to destroy it. When he takes that leap of faith he grips tightly with his robot arm (yes, he had a robot arm). He doesn’t fall but descends rapidly into the chasm in a slightly more controlled manner. He arrives somewhat safely and saves the world, but his grip only lessened the descent – it didn’t stop it.

My point? When we grip tightly to the things we know to be true of God, while facing dangerous situations, we still go through them. It doesn’t stop them happening. But it does lessen their negative impact on us and we end up where God wants us to be. And, who knows? Maybe our willingness to jump and grip tightly means we get to save the world – or at least share the saving Grace that we know already. Something to think about... And hey - have a blessed week!
